Forward Looking Statements

This press release contains forward-looking statements that involve risks and uncertainties. Forward-looking statements are not based on historical facts, but rather on current expectations and projections about future events, and are therefore subject to change and to risks and uncertainties which could cause actual results to differ materially from the future results expressed or implied by the forward-looking statements. These statements generally can be identified by the use of forward-looking words such as “may”, “should”, “will”, “could”, “intend”, “estimate”, “plan”, “anticipate”, “expect”, “believe” or “continue”, or the negative thereof or similar variations. Forward-looking statements are subject to a number of risks and uncertainties, including, but not limited to, changes in economic conditions, risks associated with the construction and operation of hydroelectric facilities, changes in government policies and such other factors beyond the control of the Company. The Company assumes no obligation to update or revise forward-looking information to reflect changes in assumptions, changes in circumstances or any other events affecting such forward-looking information, except as required by applicable law.
